056 **LYEWATER BANK AND FENCE**

24/25 To consider a request from Adam Dance MP to investigate options.

Councillors discussed the following points:

- The height of the bank would mean that works to re-establish it would be very costly.
- The previous fence was not substantial enough to hold back any slippage. The height of the land would mean that any slip would be substantial. There is also the possibility of the land slipping further along the road which would mean any slip would fall into residents' gardens.
- Somerset Council have confirmed that it is unlikely they will be able to trace the landowner.
- Highways have confirmed that if the bank was to fall and obstruct the road they would clear away the debris.
- If Crewkerne Town Council were to reinstate the fence is the Council then liable or obliged to maintain it?
- Councillors commented that they didn't want to start a precedent of undertaking works that Somerset Council decline and felt that they would like to seek legal advice before considering any fencing.

057

24/25

TO RECEIVE A REPORT ON THE INFORMAL SPEED SCHEME 20'S PLENTY

Councillors commented that generally they were in favour of speed reduction, however they noted the mixed responses from other councils. They had concerns over where the signs would be positioned and discussed that if there was no enforcement then this could devalue the scheme.

There was discussion over establishing a Community Speedwatch group but more volunteers from members of the public are needed to make the scheme viable.

058

24/25

TO RECEIVE THE UPDATED ACTION STATUS REPORT

Councillors discussed the following subjects:

- Millers Garage: Councillors noted that the last formal update received was in November where a planning application was expected towards the end of February/beginning of March. They queried whether the earmarked car park money is still ring fenced within Somerset Council. Cllr. Best explained that the existing planning application has a technical start with the tree works that have taken place. This means that the application is classified as 'ongoing' and doesn't have a deadline for completion. Councillors felt that if there was no change in the situation by February/March then Crewkerne Town Council should put pressure on them to expedite the works in accordance with the existing planning consent for a long stay car park.
- Gouldsbrook Terrace: The wall has deteriorated further but it is the landowner's responsibility to repair.
- Diseased tree on Market Street: The clerk has been unable to contact the tree officer so there is no further update.

059

24/25

TO RECEIVE A REPORT FROM THE NEIGHBOURHOOD PLAN STEERING GROUP

The group is due to meet next week, an update will follow at the next Planning and Highways meeting.

Discussion then took place around some matters of report:

- Some fly tipping outside of the parish – this needs to be reported to Somerset Council via their website.
- Tannery Court – larger cars are parking close to driveway entrances. The Clerk/Deputy Clerk will discuss this with the PCSOs.
- It was noted that Somerset Council's parking enforcement team were in the town at the weekend and several cars received tickets for parking on the pavements.

060 **DATE OF NEXT MEETING**

24/25

Monday 10th February 2025, 18.45 in the Council Chamber, Town Hall, Market Square

The meeting closed at 19.23.
